COMMENTARY ON THE RESULTS
Despite difficult trading conditions management's continued focus on producing high quality tea, reducing the cost of production through the use of technology and leveraging the Williamson Tea brand to secure premium market opportunities has ensured the business is still able to propose a dividend to shareholders.

DIVIDEND
The directors resolved to recommend a first and final dividend of Ksh 10.00 per ordinary share to be approved at the annual general meeting on 28th August 2025. The recommended final dividend, subject to approval, will accrue to the members on the register at the close of business on 31st July 2025.
Thereafter, the register will remain closed from 1st August to 2nd August 2025, both days inclusive.

PROSPECTS
Whilst the prospects for rain fed agricultural businesses are always uncertain and the industry remains affected by the dynamics of supply and demand, the efforts of the Kenya Government and Tea Board of Kenya to improve farmers returns combined with the potential removal of trade tariffs with China offers some hope.
